Professional Summary

Frontend and MERN Stack Developer pursuing B.Tech in Computer Science (2026) with hands-on experience building responsive and scalable web applications using **React.js**, **JavaScript**, **Node.js**, **Express.js**, and **MongoDB**. Skilled in **REST API** integration, **JWT authentication**, **React Hooks**, Context API, and Tailwind CSS with practical experience developing full-stack applications and **reusable UI components**. Actively seeking Frontend Developer, React Developer, and MERN Stack Developer opportunities.

Technical Skills

Frontend: React.js, JavaScript (ES6+), TypeScript (Beginner), HTML5, CSS3, Tailwind CSS, Responsive Web Design

Backend & Database: Node.js, Express.js, MongoDB, REST API Design, JWT Authentication

Tools & Workflow: Git, GitHub, Postman, VS Code, Vercel

Projects

InterviewAI — AI-Powered Interview Preparation Platform

MERN Stack

GitHub | Live Demo

- Engineered a full-stack AI-driven interview preparation platform using **React.js**, **Node.js**, **Express.js**, and **MongoDB** with responsive SPA architecture.
- Architected secure **RESTful APIs** with **JWT-based authentication**, protected routing, and session management.
- Optimized component architecture using **React Hooks** and **Context API** by building **reusable UI components** for maintainability.
- Deployed production-ready application on **Vercel** with environment-based configuration and cross-browser compatibility.

Role-Based Employee Management System

React.js, JavaScript, Context API

GitHub

- Developed a role-based access control application featuring Admin and Employee dashboards with protected routing using **React Router**.
- Built scalable frontend architecture using **reusable functional components** and **React Hooks** across multiple feature modules.
- Implemented persistent authentication state management using **Context API** and **Local Storage** for seamless user sessions.

Personal Portfolio Website

HTML5, CSS3, JavaScript, Tailwind CSS

GitHub | Live Demo

- Designed and deployed a fully responsive portfolio website with optimized performance using **Tailwind CSS**.
- Configured deployment pipeline on **Vercel** ensuring smooth rendering across desktop and mobile devices.

Internship & Training

Web Development Intern — Oasis Infobyte

Jul 2025 – Aug 2025

- Developed responsive web pages using HTML5, CSS3, and **JavaScript** while ensuring cross-browser compatibility.
- Built **reusable frontend UI components** following responsive design principles and maintainable code practices.

MERN Stack Developer Training — XCod3rs IT Solutions

Jan 2025 – Aug 2025

- Built end-to-end **MERN stack applications** with **REST API** integration and responsive UI development.
- Gained practical experience in **JWT authentication**, CRUD operations, **React Hooks**, **Context API**, and **Tailwind CSS**.

Education

B.Tech in Computer Science (Advanced Computing)

SAGE University, Indore

2022 – 2026

CGPA: 7.0 / 10.0
